# Case Study

500 Tier Song Launch Package

# Shadow Animal

## Song Launch Package

Shadow Animal's team ran a Song Launch Package to drive Spotify **follows, saves, engagement, and playlist placements** when marketing their newest single 'Dreams We Build'.

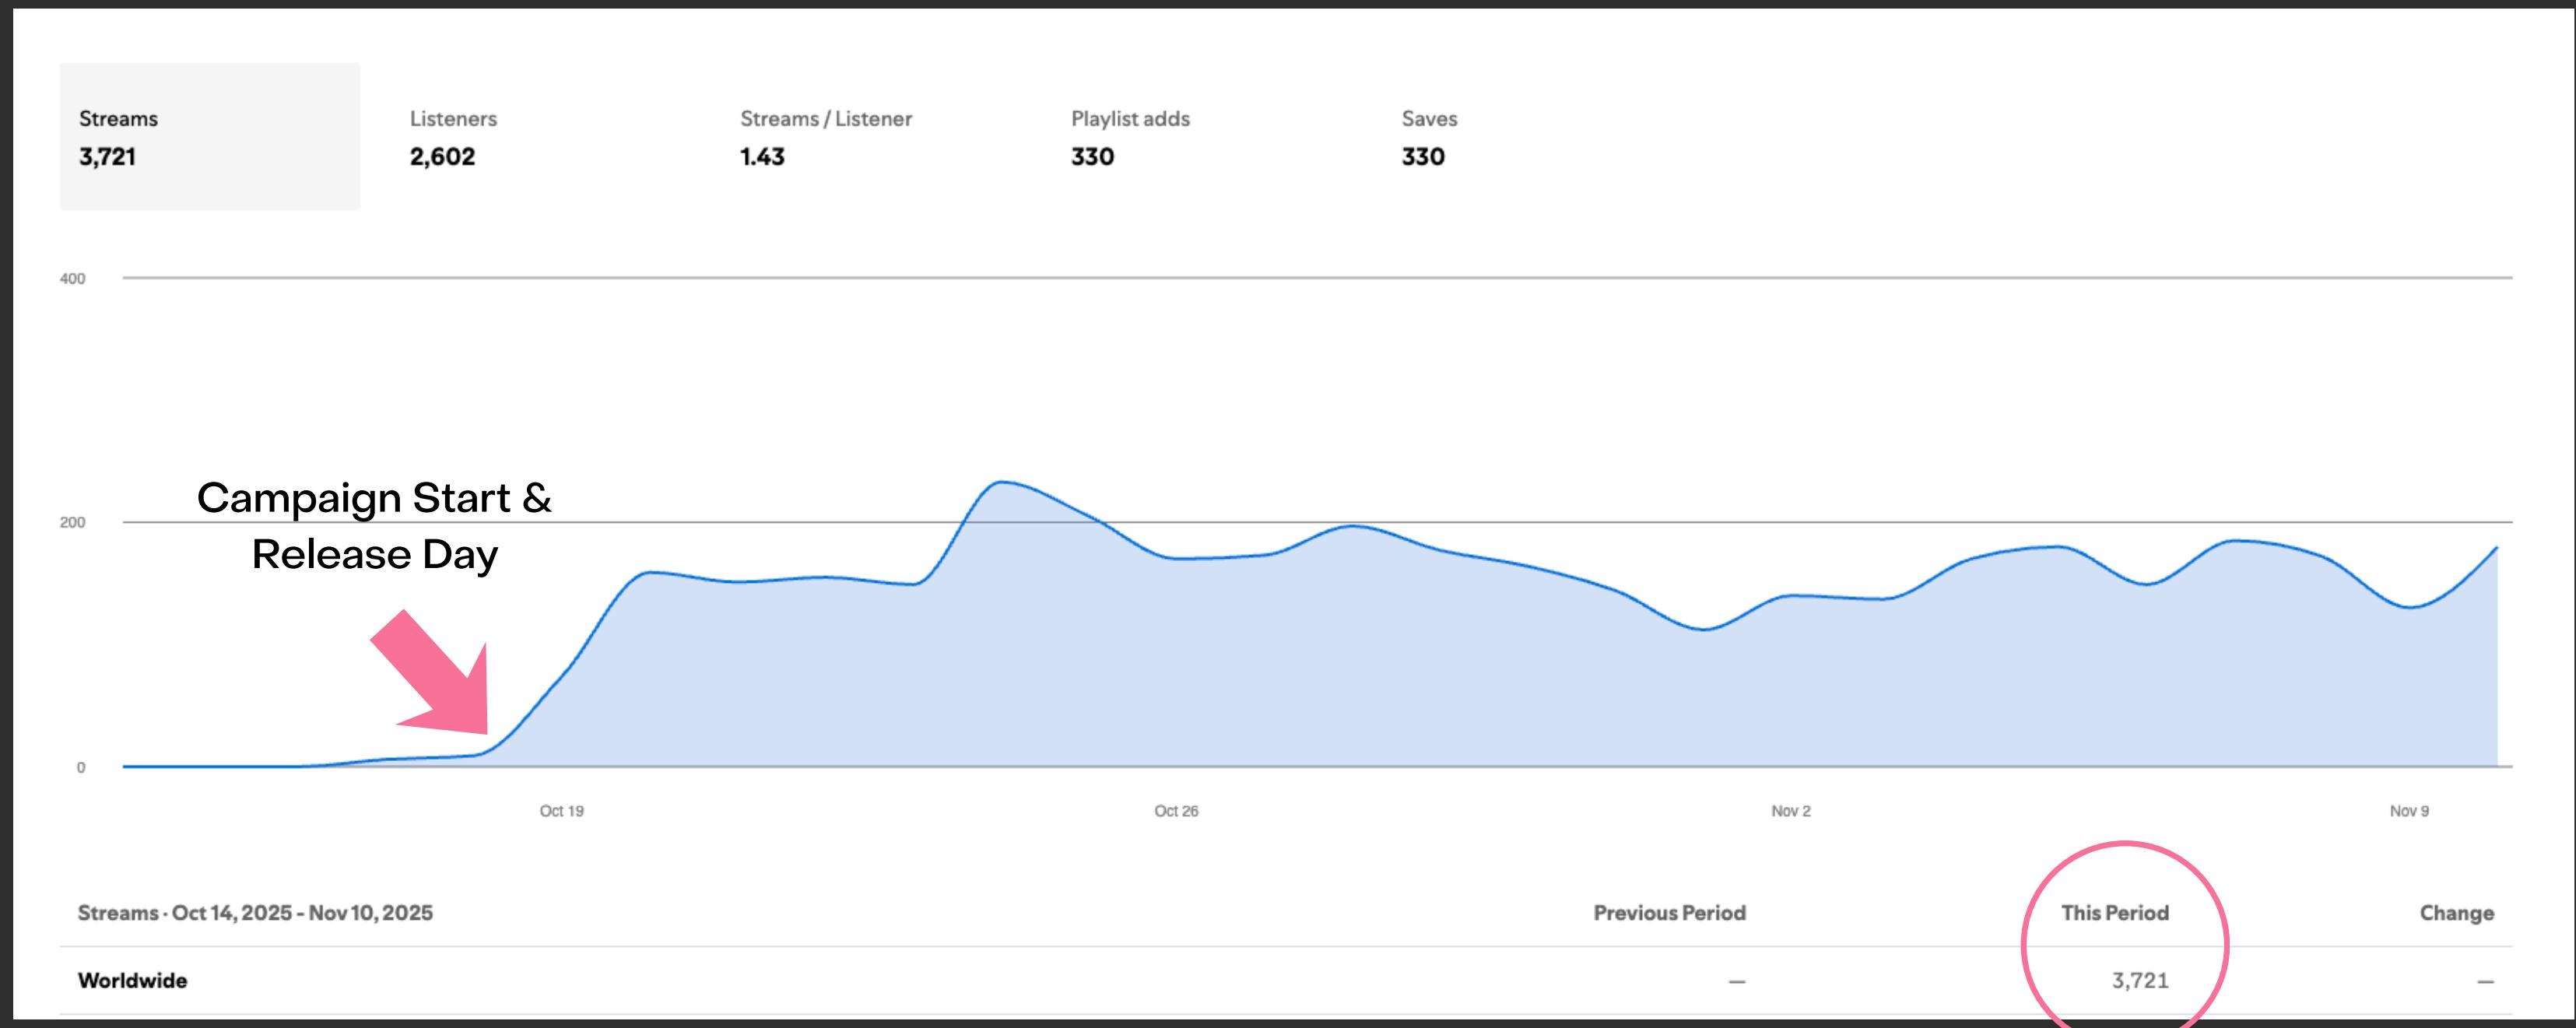

### \$450 Song Launch Package Guarantees:

- 250+ Followers
- 250+ Pre-Saves / Song Saves
- Internal Playlist Pitch
- Verified Partner Playlist Pitch
- 40K-55K Playlist Follower Reach
- Est. 28 Day Runtime

# Streaming Engagement

...

By pitching the track to our playlist network of over 250 playlists, Rise drove significant streaming activity around this release for Shadow Animal:

# Playlist Placements

...

Rise landed 4 curated playlist placements, making up 4 of the top 6 sources of streaming, and totaling over 3,000 streams in the first 3 weeks. By concentrating traffic around this release, Release Radar and Radio were also triggered:

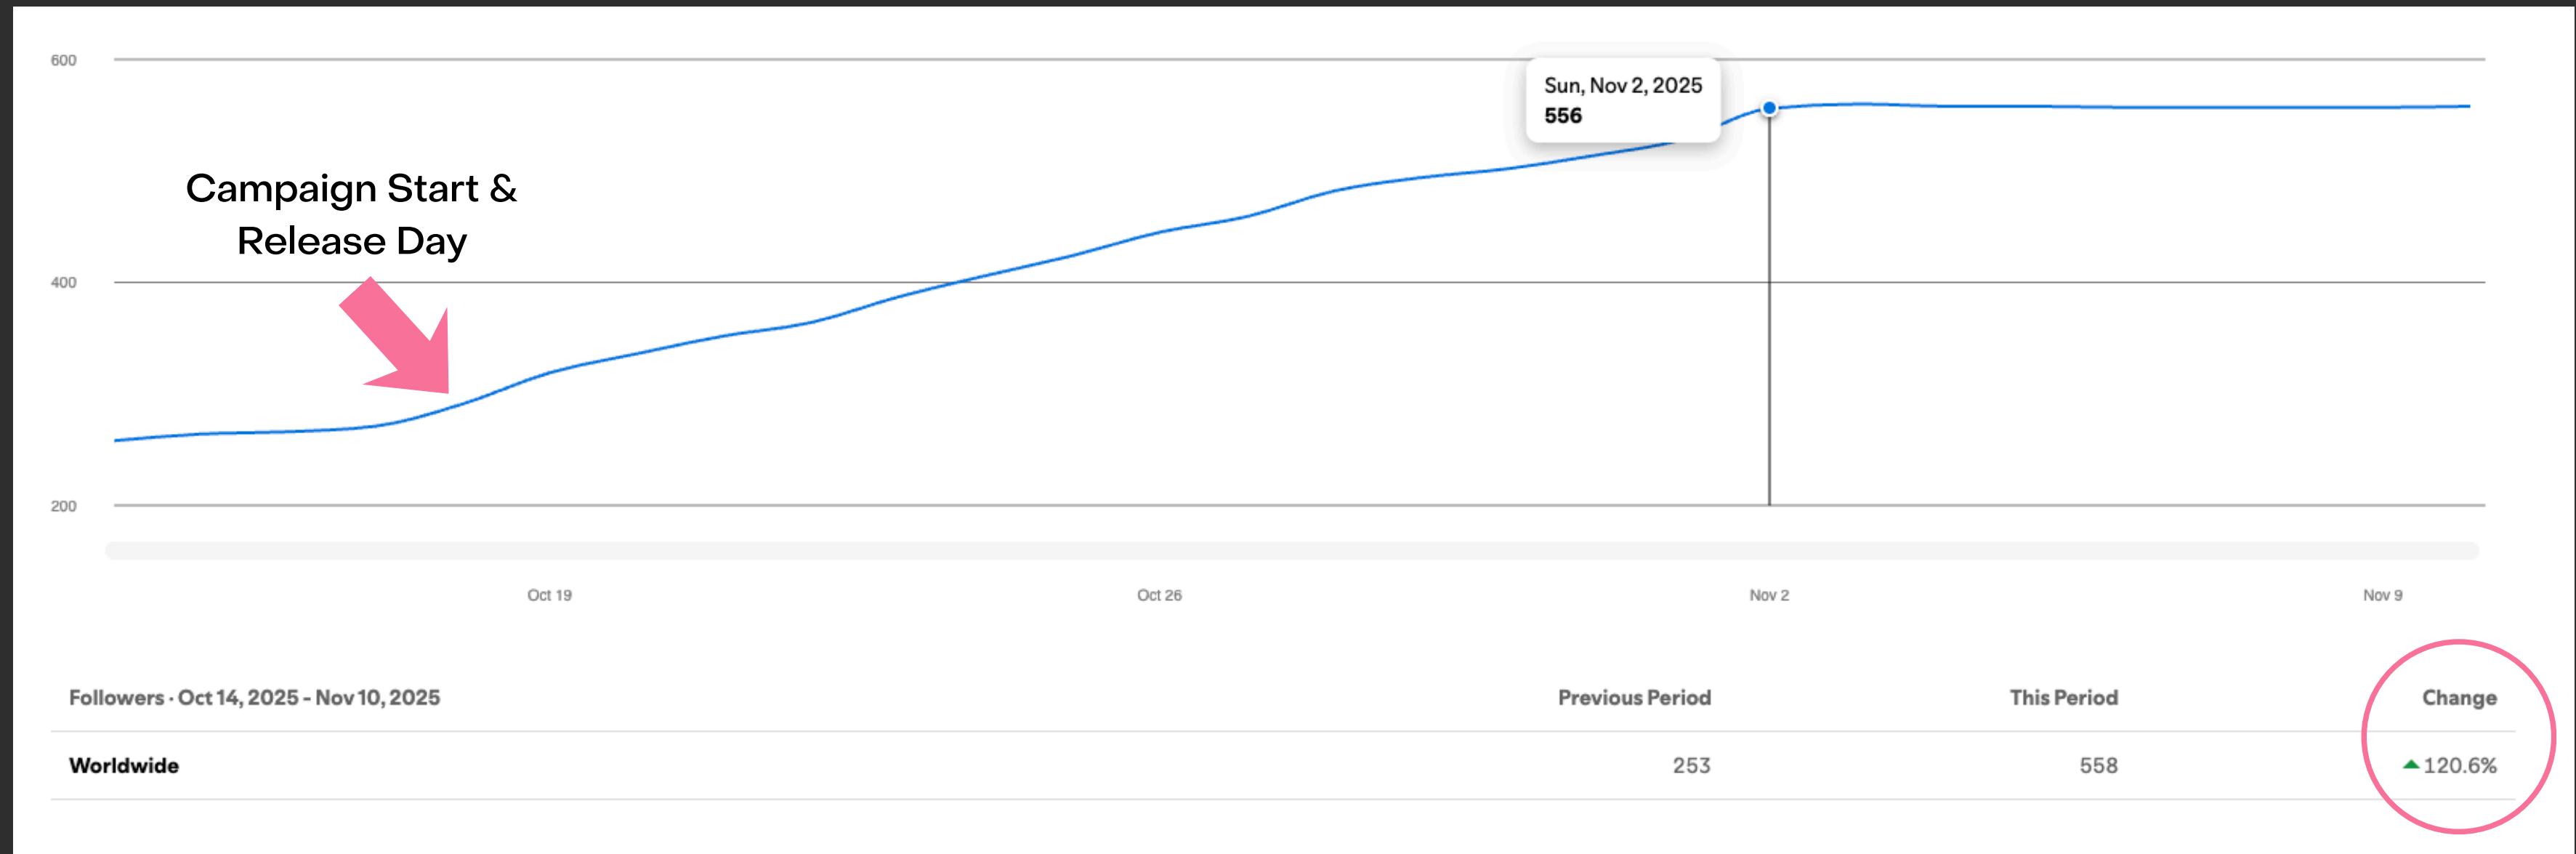

Last 28 days		Made by	Streams	Date Added
1	 acoustic coffeehouse ☕ soft songs	—	1,573	Oct 19, 2025
2	 Cozy Winter Acoustic	—	587	Oct 19, 2025
3	 the best fall vibes	—	528	Oct 19, 2025
4	 Release Radar	Spotify	222	—
5	 Radio	Spotify	171	—
6	 Relax & De-Stress   Relaxing Music 2025	—	165	Oct 18, 2025

# Follows / Saves

...

Throughout the Song Launch campaign, Rise drove 275 new Followers and Song Saves for Shadow Animal and 'Dreams We Build'. Those fans opted-in to pre-save future releases promoted with Rise.

# Campaign Wrap Report

## 500 Tier Song Launch Package:

- 3,000+ Streams from Playlist Placements
- 4 Curated Playlist Placements
- Algorithmic Play from Radio, Release Radar, Mixes, & more
- 275 New Follows & Song Saves (124% total audience increase)

By taking a holistic approach to Spotify promo, Shadow Animals' team maximized audience reach and engagement around release day, triggering additional algorithmic support & growing their fanbase.
